

- Unique Natural Area
- Cayuga Lake
- Municipal Boundary
- New York State Road
- Road

UNA boundaries were delineated by field biologists based on a review of air photographs, digital GIS base map data (roads, building footprints, 20 foot contours and streams) and field visits. UNA boundaries are approximate and should be used for general planning purposes only. As a practical matter the county does not warrant the accuracy or completeness of the information portrayed. The end user of this map agrees to accept the data "as is" with full knowledge that errors and omissions may exist, and to hold harmless the county for any damages that may result from an inappropriate use of this map. For further information about the Unique Natural Areas GIS data set see the Unique Natural Areas metadata record.

Unique Natural Areas in Tompkins County

Last Updated: September 1999
